

Fontainebleau Park MAC Committee Meeting February 20 2003

AGENDA: PUBLIC HEARINGS

Meeting called to order at 7:10pm by Juan Carlos Nistal, Vice President.
Mr. Nistal corroborated that there was a quorum to continue.

Since this was a Public hearing meeting the guests in attendance addressed the following questions:

There was interest to find out when the community will be able to vote.?

Will this incorporation find Fontainebleau being annexed to another city?

There was also the concern about Fontainebleau being so small that it would not be able to sustain itself. And therefore we should try to extend our city limits to 57th Av.
Mr. Nistal made it clear that the boundries are already set.

Ms. Isabel Villalba, a guest, suggested that the committee let the residents know all the facts about the incorporation. Mr. Nistal explained that we, the committee, prior to being sworn as such, visited many of the individual communities in the area and had meetings at the respective Club Houses.

Mr. Noel Duque also a frequent guest, and resident at Indian Lakes I, in a follow up to the previous suggestion coordinated with Carmen of our MAC Committee to receive a Q.& A format, to inform the residents of the Park once more on all the subjects of incorporation.

It was explained very clearly to all the guests present that none of the MAC Committee members can get together outside of the schedule meetings, because of the Sunshine Law.

As President of his Board of Directors, Mr. Duque said he needed information to give out to other board of directors in the community. Mr. Nistal promised to bring to the next meeting such information.

Having no more questions from the guests, Ms. Haffele made a motion to adjourn the meeting. It was second by Mr. Nistal.

Meeting adjourned at 8:20 pm

Included are all the names of the guests at this meeting:
